SOUNDBAR

With iPod Dock

- 2.1-channel stereo with True 3D sound effect
- Acoustically calibrated and magnetically shielded full-range speakers and dual subwoofers for maximum performance
- Auxiliary line input to connect other audio devices
- Digitally tuned AM/FM stereo radio with station presets
- Full iPod compatibility with built-in iPod motorized cradle
- Remote control with extended iPod control

Enjoy superior 3D sound on your flat screen TV without filling up your living room with speakers and complicated electronics. OXX Digital brings you the simple way to enjoy hi-fi sound from your TV and iPod. The OXX Digital Home Theatre Soundbar with 6 speakers including dual subwoofers gives you a rich and powerful sound.

With additional built-in digital FM/AM radio, this is the ultimate soundbar you were waiting for without any need for trailing wires and multiple speakers. The video output enables you to watch your favourite video files from your iPod.
